INTELLECTUAL PROPERTY SECURITY VARIANT

Identify, Quantify and Manage your Risk

Securing your intellectual property is an essential step to ensure the continued operational performance of your company. The CounterMeasures® Intellectual Property Security Variant provides a consistent and technically sound methodology to identify, analyze, quantify and communicate risk to your proprietary data & intellectual property.

Based on technology developed for the Department of Defense, CounterMeasures analyzes and models vulnerability and risk to assist you with protecting your vital assets!

CounterMeasures provides a standardized, easy-to-implement approach for conducting security assessments

for the unique environments of all your facilities, systems and computers.

USE COUNTERMEASURES TO:

- Address: Government, Residential & Commercial Systems
- Counter The Ongoing Threats Of: Theft, Terrorism & Damage To Key Assets

- Provide: Additional Privacy & Data Security Measures
- Perform Enterprise-Wide Analysis
- Generate Automated Reports
